PROFESSIONAL SUMMARY

Results-driven DevSecOps & Cloud Architect with 6+ years of experience engineering secure, scalable multi-cloud environments (Azure, GCP, AWS). Holds 9 active cloud certifications, including Azure Security Engineer and DevOps Solutions. Proven track record of reducing deployment times by up to 70%, automating provisioning via Infrastructure as Code (IaC), and enforcing strict "Shift-Left" security practices across CI/CD pipelines for enterprise Banking, Retail, and e-Pharmacy platforms.

SKILLS

Cloud & Infrastructure: Microsoft Azure, Google Cloud Platform (GCP), Amazon Web Services (AWS)

Containerization: Kubernetes, AKS, EKS, GKE, Docker, Podman, Helm

Infrastructure as Code: Terraform, Bicep, ARM Templates, CloudFormation, Ansible

CI/CD & Automation: Jenkins, Azure DevOps, GCP Cloud Build, AWS CodePipeline, Git, Bitbucket, Python, Bash

DevSecOps: SAST, DAST, SonarQube, Twistlock, Anchore, OWASP, IAM, Zero-Trust

Observability & Data: Prometheus, Grafana, ELK Stack, Elasticsearch, Logstash, Kibana, PostgreSQL, MSSQL, Redis

WORK EXPERIENCE

Deloitte South Asia LLP – Bengaluru, India
Senior Consultant, DevOps Cloud Digital Transformation Expert | May 2025 – Present

- Architected zero-trust multi-cloud platforms for Mercedes-Benz R&D, deploying geo-redundant Kubernetes clusters to guarantee 99.99% system availability.
- Spearheaded DevSecOps initiatives for Axis Bank by integrating automated SAST/DAST tools into Jenkins pipelines, establishing a robust vulnerability management process and improving security scores by 40%.
- Developed over 50 Python and PowerShell automation scripts to replace manual tasks, reducing project onboarding time by 60% and minimizing operational toil.
- Natively integrated Playwright and API test automation within delivery workflows, accelerating continuous quality assurance testing speed by 50% to ensure flawless production releases.

- Administered Windows Active Directory and MSSQL Server, enforcing strict Identity Access Management (IAM), Role-Based Access Control (RBAC) policies, and 100% database integrity.

Deloitte South Asia LLP – Bengaluru, India
Consultant, DevOps Cloud Digital Transformation Expert | May 2023 – April 2025

- Optimized enterprise architecture for Manipal e-Pharmacy using Terraform, configuring automated autoscaling and right-sizing workloads to cut monthly cloud consumption costs by 30%.
- Streamlined secure release workflows for Titan Company leveraging AWS CodeBuild, CodeCommit, and ECR, which accelerated deployment frequency by 40%.
- Governed distributed databases and Redis caching layers to ensure rapid application data retrieval with sub-millisecond latency for over 100,000 daily active users.
- Engineered comprehensive observability pipelines utilizing Cloud Monitoring and AWS CloudWatch to proactively detect anomalies, resolving 95% of potential outages before business impact.

Tata Consultancy Services – Bengaluru, India
System Engineer, DevOps and Azure Cloud Engineer | May 2020 – April 2023

- Reduced overall software delivery lifecycle times by 70% across Dev, QA, and Prod environments for the Omnistore retail solution through the implementation of robust CI/CD pipelines.
- Transitioned legacy retail applications to a modernized microservices architecture on Azure Kubernetes Service (AKS) backed by Docker containerization, serving 50+ retail nodes.
- Configured centralized logging and monitoring using the ELK Stack and Prometheus, drastically improving root-cause analysis speed by 80% for complex production incidents.
- Orchestrated the provisioning of resilient cloud networking components including Azure Application Gateways and Load Balancers utilizing Bicep and ARM templates with 0 deployment failures.
- Commenced career as a developer using Python and AngularJS, completing 10+ feature modules before rapidly migrating into cloud orchestration roles due to high technical adaptability.

CERTIFICATIONS

- AZ-400: Microsoft Certified: DevOps Engineer Expert
- AZ-500: Microsoft Certified: Azure Security Engineer Associate
- AZ-104: Microsoft Certified: Azure Administrator Associate
- GCP: Associate Cloud Engineer Certification
- GCP: Cloud Digital Leader Certification
- SC-900: Microsoft Certified: Security, Identity Fundamentals
- AZ-900 \ AI-900 \ DP-900: Microsoft Certified: Azure Fundamentals (Cloud, AI, Data)

AWARDS & RECOGNITIONS

- Rockstar of the Month Award - MBRDI (2025)
- Star of the Month Award - TCS (2022)
- The Flash Award - TCS (2021)

EDUCATION

Bachelor of Engineering in Computer Science & Engineering
Takshshila Institute of Engineering & Technology, Jabalpur, MP
August 2015 – June 2019
CGPA: 8.02
